RE: UNITED STATES vs. JEFFREY A. IMM
Criminal NO. 03-63 & 03-216

Dear Judge Schwab,

This letter is in regard to a letter i sent you on september 28, 2009 concerning some issues i had concerning my custody and other things if you have received the letter dated sept, 28, 2009 and have already responded to I am sorry for wasting your time and please disregard this , but if you have not then I will give you a short list of what I was asking about .First let me start off by saying I have exhausted all other avenues of help I have written my A.F.P.D. thomas A. livingston numerous time asking for his assistance and not once has he replied back, so that leaves me trying to do this myself ,so I ask you your honor please either assign me to a new A.F.P.D. or let me proceed PRO SE either way my issues need addressed so here are the three main items.

(1) On aug. 27 2003 I was sentenced in your court to two 180 month concurrent sentences case no. 03-63&03-216 and in Westmoreland county court I was sentenced by Judge debra pezze to 3.5 to 7 years concurrent to my federal sentence the problem is they are telling me here that there is no way that it can be concurrent because you would have had to be the one to do that. when i waived my right to the second indictment the deal was all three sentences would run current if this is the case then the government would not be honoring their end of the plea agreement and I end up doing 22 years instead of 15 years so I hope you can understand why this would disturb me. Also they tell me that I should of been in u.s.m. custody and not the states because the federal sentence supercedes the state sentence therefore I have just been sitting here wasting time unable to do anything because of the federal sentence detainer.

(2) I have written both the u.s.m. & the b.o.p. and asked about being designated to f.c.i. loretto they both answered back that only my federal sentencing judge can request for a hardship designation the request of mine was for family medical reasons my 13 year old son was diagnosed with hypertrophic cardiomyopathy a progressive heart disease which can cause sudden death, and so my father is suffering the effects of two major strokes and I have ask re if I could please get to a place close to home. so humbly ask you to please consider this request.

(3) My third and final request is in doing some research I discovered that the b.o.p. has an outside work program being that the state has also given me this clearance I was hoping you could also grant me this same privilege since you are the only one that can also make this decision. I have been a model inmate and continue to be , I have also received 20 months drug & alcohol treatment while I have been incarcerated in which you ordered. I am willing to do whatever it takes to make it through this . thank you for your time and consideration.

SINCERELY YOURS
